

# Maclay School

## Tallahassee, FL

Located in Tallahassee, Florida, Maclay School is a private college preparatory institution. Its college counseling program begins for every student in the 8th grade and culminates in 12th grade on graduation day when students begin their next journey to the college of their choice.

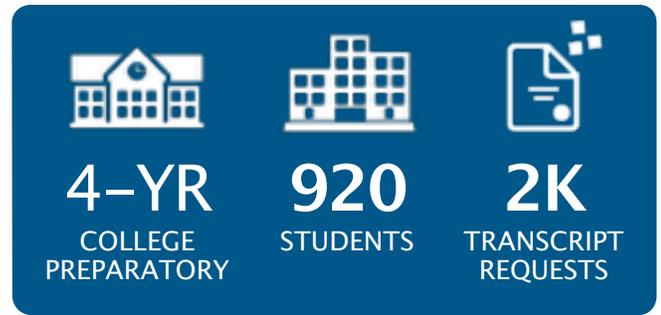

Parchment plays a key role by enabling students to order their Maclay school transcripts, store them securely, and send official documents to any destination worldwide. At Maclay, students understand that “the only way to guarantee you will not get into a college is not to apply.”

With the help of Parchment, 100% of the graduates from Maclay’s class of 2014 were accepted at a wide variety of postsecondary schools from Auburn and Baylor to William & Mary and Wofford college.

What other benefits did Parchment provide? “A lot less stress, transcript delivery status tracking, and a yearly savings of around \$4,500,” says College Coordinator Lisa McCall.

“We are a small school. The savings with Parchment was quite significant.”

College Coordinator*

✓ Delivery to any destination worldwide

✓ Track Transcript Status

✓ Yearly savings of around \$4,500

Prior to becoming a Parchment Member, Maclay School faced some hurdles that slowed the process for their students to apply to colleges. Parchment directed their focus to eliminate the following concerns and guarantee an effective integration:

- Up to 35 minutes per request
- Second-day UPS delivery
- No document delivery tracking
- Request to destination of 3-10 days
- Lack of easily obtainable information

As a successfully partnered member of Parchment, Maclay School offers the following features to their students to ensure an efficient, hassle-free process:

- Secure electronic transcripts
- Less than 10 minutes per day for ALL requests
- Request to destination of 24-36 hours
- Process tracking with email notification
- Data-driven college recommendations and predictions for acceptance
